VALUABLE IRON PROPERTY AND FARM FOR SALE

THE subscriber would call the attention of those who wish to embark in the Iron business, also those who wish to own a handsome and fertile farm, to the following property which he offers for sale.

1st. Jackson Furnace and lands, say about 2500 acres.—
This furnace is on Beaver Dam Creek, Dickson county, Tennessee, and the stack is the largest in the State, being 47 feet high. The furnace, except the stack is now being rebuilt, and will be ready to put in blast by the lat of No-vember. The route of the North Western Railroad, as sur-teved, passes immediately by the Furnace. The ore is uned, and the timber and ground admirably adapted

for coaling.
Also, Belleview Furnace, and about 3800 acres of land, including the Dickson ore bank. This Furnace is on Jones' Creek, about three miles South of Charlotte. There is a good water power, and also good farming lands attached to Ris property.

Also, the Valley Forge on Jones' Creek, and about 37,00 acres of land. The fall is 28 feet, and the head of water,
immense. There are some very line farming lands in this

ract, and it is altogether a most desirable location. Also, the Mill Creek property and Duck River ore bank in Hickman county, Tennessee. The Mill Creek sites, of which there are five or six, present the best water powers for the size of the stream that can be found in any country. The Duck River ore bank is the heaviest deposite of ore in the State, and the ore can be procured with less labor than at any bank in the country. It is within half a mile of Duck River, and the lands around are covered with the

Davidson county, Tennessee, with ten acres of land for buildings and machinery. It is unnecessary to speak of the water power at the Narrows of Harpeth. It is known to cvery one, and twenty-live years of experience enables the subscriber to speak with certainty of its great benefits and usefulness. It is, indeed, only to be seen to be appreciated. Lastly, my Williamson Farm, on which I now reside, and which for beauty and fertility is second to none. The house is large and siry, and the out-buildings of the best descrip-tion. It is intersected by the Southern Railroad, and also by the Nashville and Franklin Turnpike. It is 11 miles from Nashville and 7 from Franklin. It is a "meadow farm," watered by Little Harpoth, and the best evidence of ts quality is the hay produced on it this year, which all who have seen it, pronounce it the best they have ever seen. It is altogether one of the most desirable farms for beauty and profit that is in the South-west. It contains about 560

The above property is offered for sale, not for the purpose of profit or speculation, but simply from the fact that the subscriber's health, makes it necessary to relieve himself of the care, necessarily incident to so much real property lethe care, necessarily incident to so much real property le-cated at different points, and renders him unable to give it that personal attention which it requires.

Any one wishing to purchase any of the above property will please call on the subscriber at his residence, or ad-dress him at Good Spring P. O., Williamson county. Ten-neesce. aug@1—4m M. BELL.
